

Are you working to help people affected by the COVID-19 pandemic?

Use these principles of Psychological First Aid (PFA) when working with survivors:

Respond to requests and initiate contacts in a nonintrusive, compassionate, and helpful way.

Help people meet their basic needs.

Calm emotionally overwhelmed or disoriented individuals.

Identify immediate needs and concerns.

Empower people to take steps to meet their needs.

Encourage people to reach out to family and friends via phone, text, or other virtual methods.

Provide information about common stress reactions.

Link people with available resources.
